BARLEYGREEN®
CHAMPION CANINE FORMULA

Rewarding the Champion Spirit in Your Dog.

description

BarleyGreen Champion Canine Formula is a reliable, nutritious supplement that tastes so good, your dog will think it is a loving treat...and it is...a BarleyGreen health treat!

benefits

PROMOTES BETTER HEALTH

BarleyGreen Champion Canine Formula helps promote a healthier skin, shinier coat, better digestion and renewed energy — particularly in senior pets. Regular use may also support the function of the joints and immune system, and in repelling ticks and fleas.

FRESHER BREATH

Fresher breath is another important benefit of green nutrition. Chlorophyll, active enzymes and other nutrients in green barley grass help support digestion and promote fresh breath.

HOW IT WORKS

BarleyGreen Champion Canine Formula is made with natural ingredients that work to replenish nutrients that may be lost during the processing of even the finest pet foods. Canine Formula uses a highly-sophisticated processing system that keeps nutrients, enzymes, and chlorophyll intact.

Digestion problems (regurgitating) may occur when pets eat

blades of grass that are covered with irritating microscopic barbs. Canine Formula provides the benefits of organic barley grass' superior nutrients while easing digestion.

WHY DOGS LOVE IT

It is only natural for dogs to eat green grasses because they contain essential nutrients, chlorophyll, active enzymes and other beneficial phytochemicals required for optimal health. BarleyGreen Champion Canine Formula's young barley grass is naturally satisfying and its flavor is enhanced even more with added garlic, kelp, primary grown yeast, and brown rice.

SPECIAL CANINE FORMULA

Young barley grass, is especially beneficial for adding energy and endurance. BarleyGreen Champion Canine Formula also contains beta-carotene, vitamin C, enzymes, minerals, protein and chlorophyll.
